

CAF Canada (Charities Aid Foundation Canada) is a Canadian charity registered with the Canada Revenue Agency whose mission is to create opportunities for Canadians to support charitable projects around the world. CAF Canada is also registered under the Income Tax Act and eligible to issue official donation receipts to donors. Our vision is for a more globally engaged and empowered Canadian donor community.

To carry out this vision, CAF Canada has established partnerships with a diverse set of NGOs worldwide. In close collaboration with each organization, CAF Canada funds and oversees the implementation of specific projects. CAF Canada welcomes donors in Canada to participate in supporting these projects tax-effectively by starting a new project fund or contributing to an established project fund.
